

TECHNOLOGY TRANSFER CONSULTING

Building a Successful Technology Transfer Office

Isis Enterprise offers consulting expertise and advice in **technology transfer**, based upon the success of Isis Innovation Ltd, Oxford University's technology transfer company.

Successful Technology Transfer depends on the culture of the organisation generating the inventions. Isis Enterprise can work with you to establish the best possible conditions for commercialisation of research, optimising technology transfer from your organisation out to business.

Established in 2004, Isis Enterprise offers expertise and advice in technology transfer to clients from the public and private sectors, in the UK and internationally.

Isis Enterprise will support and advise you by:

- › Reviewing your current intellectual property and technology transfer activities
- › Developing a policy framework that is right for your organisation
- › Working with you to build a successful team
- › Putting the tools in place to facilitate effective and efficient processes
- › Fostering the promotion of technology transfer within and outside your organisation

Isis Enterprise is currently providing advice and support to research organisations across the globe. Making use of hands-on expertise built up over many years experience and with an in-depth knowledge of the most effective routes to commercialisation, our approach is tailored to the specific needs of the host institution, **ensuring effective, customised support**.
